WORK EXPERIENCE

Web Development (Training)

Broadway Infosys | April 2020, Aug2020

 Acquire fundamental web development knowledge, attain expertise in essential tools and frameworks, and understand the crucial link between front-end and back-end in web applications. Construct an e-commerce platform featuring authentication, authorization, and seamless API integration utilizing Node.js, Express, MongoDB, React, and Tailwind CSS.

Front End Developer

Supreme IT Solution Pvt Ltd | Jan 2021 - April 2022
As a Front-End Developer, my role involved crafting, maintaining, and enhancing web applications using technologies like React, Next.js, Material UI, and Tailwind. My impact on the company's success from my consistent delivery of high-quality, scalable solutions and effective teamwork with cross-functional colleagues

During my time, I successfully launched "salesberry.com.np" a project that involved creating a user-friendly e-commerce web platform. It gained positive feedback and increased user engagement.

Front-End Developer

Zapp Services Pvt Ltd | Jun 2022 – present

During my tenure at Zapp Service Pvt. Ltd, I applied my comprehensive front-end expertise to play a significant role in enhancing the performance and achievements of the in-house project, the Tootle ride-sharing application.

I was responsible for integrating API for the dashboard, with a particular focus on enabling real-time authentication and authorization. Furthermore, I highlighted my dedication to enhancing my skill set by proactively researching and pursuing into backend development using Node JS Express JS Mongoo DB .
